Re: WHVN, Inc. (WHVN)  
WCGC(AM), Belmont, NC  
Facility Identification Number: 27218  
Special Temporary Authority (STA)  
BESTA-20190514AAT

Dear Mr. Bogan:

This is in reference to the request filed on May 14, 2019. WHVN requests an extension of the STA granted on November 21, 2018, to continue ND operation with reduced power to allow time to move equipment to a new building.<sup>1</sup> In support of the request, WHVN stated that additional time is needed to restore licensed operations.

Requests for extension of STA will be granted only where the licensee can show that one or more of the following criteria have been met:

- Restoration of licensed facilities is complete and testing is underway;
- Substantial progress has been made during the most recent STA period toward restoration of licensed operation; or
- No progress has been made during the most recent STA period for reasons clearly beyond the licensee's control, and the licensee has taken all possible steps to expeditiously resolve the problem.

Accordingly, the request for extension of the STA IS HEREBY GRANTED, and WHVN may continue to operate ND using a maximum of 2.5 kW (daytime) and 0.125 kW (nighttime). WHVN must reduce power or cease operations if complaints of interference are received, and use whatever means are necessary to protect workers and the public from exposure to radio frequency radiation in excess of the Commission's exposure guidelines. See 47 CFR §1.1310. WHVN must submit an e-mail to my attention to certify the date the station resumed licensed operations per BZ-20100302ACI with negligible changes to verify an FCC Form 302 filing is not required (to update all operating parameters).

---

<sup>1</sup>WCGC(AM) is licensed for DA operation on 1270 kHz with 10 kW (day) and 0.5 kW (night) using different patterns.

This authority expires on **December 11, 2019.**

Sincerely,

A handwritten signature in blue ink, consisting of a large, stylized 'J' followed by a series of loops and a long horizontal stroke extending to the right.

Joseph Szczesny, Engineer  
Audio Division
